

DUDLEY

UTILITY SERVICES

DUDLEY UTILITY SERVICES · ELECTRIC TRANSMISSION

BUILT ON EXPERIENCE. FOCUSED ON EXECUTION.

We create certainty for electric transmission projects: securing critical land rights, navigating stakeholder relationships, and protecting the path from development through construction.

■ WHAT WE HANDLE

- ✓ Project management & administration
- ✓ Title & ownership
- ✓ Right of way acquisition
- ✓ Construction support
- ✓ Routing & siting
- ✓ Survey & field support
- ✓ Non-environmental permitting
- ✓ Project closeout

■ HOW WE WORK

- ✓ **Start prepared:** ownership, requirements, documents, and strategy validated up front.
- ✓ **Every parcel has a path:** status and next action, always current.
- ✓ **No surprises:** clients informed, communities engaged, risks visible early.
- ✓ **Engaged through completion:** construction, restoration, closeout.

HOW WE KEEP YOUR PROJECT ON SCHEDULE.

■ KUDU · YOUR PROJECT RECORD

Real-time project intelligence. Better decisions. Lower risk.

Kudu is Dudley's proprietary land management platform, giving your team a current, organized view of every parcel from kickoff through closeout.

Real-time visibility

Parcel activity, acquisition status, and key risks as the work occurs.

One source of truth

Ownership, tract data, deed references, and acreage in one record.

Progress, mapped

Acquisition status and risk presented visually for faster review.

Document control

Title, survey, and field documents complete through closeout.

The distribution work that follows

If we're partnering on transmission, we can cover your distribution too: the same functions on one agreement and one reporting standard, staffed to the volume as work orders land.
